Employee safety at work: Key contacts and resources

Employee safety is essential to providing a supportive work environment. Below are several contacts and resources to help every King County employee feel safe and secure.

Emergency incidents: Call 9-1-1.

Non-emergency incidents: Call 206-296-5000, email FMD.Security@kingcounty.gov, or use the online reporting form at www.kingcounty.gov/IncidentReport.

Metro Non-Emergency Dispatch (Transit Police): Call 206-296-3311 for 24/7 assistance.

Metro Customer Service: Call 206-553-3000.

Sound Transit Non-Emergency Dispatch (Security and Cleanliness): Call or text 206-398-5268 and Security@soundtransit.org.

City Hall Park Neighborhood Outreach

Team: If you see someone in crisis within the City Hall Park service area and want to get them help, call 206-537-3770.

FMD Security Escort Program: Call 206-296-5000. Upon request, FMD Security Escorts can escort you for several blocks from the building you work in downtown to Goat Hill Garage or immediate vicinity bus stops. Advance notice for a Security Escort is appreciated.

Walking Buses are a group of employees walking with an FMD Security Escort each evening to the King Street Station and the Colman Dock from the downtown campus. Learn more about the [Walking Bus Program here](#). For more information, call the FMD Security Emergency Dispatch Center at 206-296-5000 or email FMD.Security@kingcounty.gov.

Walkpools is a program where you can walk to and from work with a buddy. The program is available whether you walk long distances, walk early in the morning or late in the evening, or have to navigate transit stations. [Check out this informative video](#) or visit the [Employee Transportation Program website](#) for more information.

Home Free Guarantee: Employees who come to work via bus, rail, streetcar, carpool, vanpool, biking, or walking are eligible for eight free taxi rides home each year in cases of personal emergency or unexpected requests to work overtime.

Safety Tips Videos: View the County's full [library of safety videos](#).

City of Seattle [Find It, Fix It mobile app](#): To report an issue, track reports, and view service requests. Available from the [App Store](#) and [Google Play Store](#).

King County continues to partner with law enforcement, community, and other governments to ensure a safer, more welcoming environment in and around employee facilities.

For more information on employee safety programs and resources, see the Future of Work [Personal Safety at Work intranet page](#) (employees only) and the [Safety at Work page](#).
